PROFESSIONAL SUMMARY

Senior Flutter Developer with over 7 years of software engineering experience and 6+ years of specialized expertise in building scalable, high-performance cross-platform applications for Android, iOS, Web, and PWA. Specialized in Dart, Clean Architecture, and advanced state management including BLoC and Riverpod. Holds a Master's degree in Artificial Intelligence with hands-on experience integrating Large Language Models (LLMs), AI agents, and intelligent workflows into mobile ecosystems.

TECHNICAL EXPERTISE

Mobile & Cross-Platform
Flutter, Dart, Android, iOS, Web, PWA

Architecture & Design
Clean Architecture, BLoC, MVVM, SOLID

State Management
BLoC, Riverpod, Provider

Services & APIs
RESTful APIs, GraphQL, WebSockets, Firebase

Performance & AI Integration
WASM, LLM Integration, AI Agents, Profiling

Testing & Quality Assurance
Flutter Test, Mockito, Unit & Integration Testing

PROFESSIONAL EXPERIENCE

Senior Flutter Developer — Bit24

Oct 2024 – Present | Tehran

- Architected and deployed enterprise-level Clean Architecture and BLoC infrastructure, significantly reducing technical debt and streamlining developer onboarding.
- Enforced strict Separation of Concerns across core modules, mitigating regression risks by 25%.
- Implemented comprehensive automated test suites using Flutter Test and Mockito, securing over 80% test coverage on critical financial transaction pipelines.
- Collaborated in Agile workflows to optimize CI/CD pipelines, accelerating release cycles.

Clean Architecture | BLoC | Flutter | FinTech | Mockito

Senior Flutter Engineer & UX Developer — ParsPack

Apr 2021 – Sep 2025 | Tehran

- Boosted application rendering frame rate by 100% (from 60 FPS to 120 FPS), dramatically refining UI smoothness and overall user satisfaction.
- Optimized RAM consumption by 70% (reducing memory footprint from ~100MB to 30MB), establishing high application stability on low-end hardware.
- Elevated web rendering performance and SEO score by 15% through WebAssembly (WASM) and HTML compiler integration.
- Developed custom Flutter packages and native platform channels targeting Android and iOS APIs.

Native Plugins | Performance Optimization | WASM | Flutter Web

PROFESSIONAL EXPERIENCE (CONTINUED)

Software Developer — Arka Tosee Pars Rayan Nov 2020 – Mar 2021 | Tehran

- Decreased real-time data streaming latency by over 30% by refactoring network modules to full-duplex WebSocket connections.
- Integrated OpenStreetMap APIs via RESTful services to improve interactive mapping and custom routing capabilities.
- Enhanced code maintainability by implementing modular design patterns in Flutter and breaking down monolithic UI structures.

Modular Architecture | OpenStreetMap | WebSocket

Mobile Application Developer — Ava Pardaz Keyhan Keriman May 2015 – Oct 2020 | Kerman

- Improved initial UI render speeds by 20% by implementing Skia Shader Warm-up techniques and eliminating frame drops.
- Enhanced system stability and application responsiveness across diverse Android OS versions and device hardware profiles.

Freelance Software Developer — Self-Employed Sep 2018 – Jun 2020 | Remote

- Delivered 5+ end-to-end commercial Flutter applications from architectural design to deployment on Google Play and App Store.
- Designed modern interfaces aligned with UX standards to maximize end-user retention and client satisfaction.

KEY PROJECTS & OPEN SOURCE CONTRIBUTIONS

Flutter Clean Architecture Boilerplate: Designed and published an open-source production starter template based on Clean Architecture and BLoC to accelerate scalable mobile development.

Mobile AI Integration Frameworks: Developed repositories demonstrating intelligent mobile agent workflows, prompt engineering techniques, and LLM API integrations within Flutter apps.

Custom 120 FPS UI Kit Package: Engineered and maintained a highly optimized UI component package built for high refresh rate displays.

EDUCATION

M.Sc. in Computer Engineering — Artificial Intelligence & Robotics 2020 – 2024
Shiraz University

B.Sc. in Computer Engineering 2017 – 2021
Shahid Bahonar University of Kerman

LANGUAGES

Persian: Native Speaker | **English:** Professional Working Proficiency
